

Vanmark Peelers, Scrubbers & Washers

Leading the industry in innovative peeling, scrubbing and washing solutions!

Flo-Mech

Flo-Mech are the official UK and Ireland Sales partner for Vanmark Equipment, LLC.

Vanmark have been manufacturing vegetable processing equipment since the early 1950's. Since introducing the World to the first commercial potato peeler, Vanmark Equipment continues to be the worldwide industry leader in innovation, design and manufacture of peelers for the food industry, as well as a wide range of other food processing equipment, parts and services.

Through an extensive test program, Vanmark have evolved their original time-proven design to offer advanced equipment that brings food manufacturers exceptional performance under a wide range of conditions.

The Series 2800 and Series 2900 Peeler/Scrubber/Washer include Vanmark's unique Natural Flow Gate, which significantly reduces peel loss and increases peeler efficiency by one or more basis points. All Vanmark Peeler/Scrubber/Washers can be easily fitted with Vanmark's unprecedented variety of rolls or brushes to tailor the machine to your needs.

Whatever your needs or application, Vanmark offers a peeler/scrubber/washer that's ideal for you!

Vanmark Equipment Range:

- Peeler/Scrubber/Washer
- Scrubbers
- Conveyors
- Hoppers
- Dumpers
- Destoners/Rock Removers
